Old Growler Traditional Porter One of England's Best Porters

As a style of beer, Porter has been around since the mid-18th century. As a recipe, Old Growler has been around just as long. Brewed by a tiny specialty brewery located in the small farming village of Clare, Suffolk, Old Growler is a vivid look backward in time to 1750.

Medium dark with a full malty flavor and a beautifully balanced hop character. Smooth, warm and richly roasted. 5.5%

Augustinian Ale If England Had Ever Been Under Belgian Rule. . .

this is the style of beer that would have resulted. Stronger than a typical British bitter, brewed with heaps of coriander and bottle conditioned—Augustinian Ale skips fearlessly between two brewing traditions.

Boldly hopped with a refreshingly bracing bitterness and sweeping coriander flavor. Unfiltered with a yeast sediment, so crystal clarity is not likely. A unique, exceptional beer. **Bottle conditioned. 5.5%**
